

Don't manage global screening with a **rear-view mirror!**

- Most services look at data from the past only.
- Information may have been compiled weeks ago, months even.
- Stale data can lead to bad decisions.

Smart clients want today's data. WorldWatchPlus provides compliant data gathered from global sanctions lists, politically exposed persons and adverse media...***refreshed daily!***

Ask about 12-months of **on-going monitoring!**
