

New Section on PreemploymentDirectory.com - Supplier Diversity Firms

To qualify to be listed in this section you must meet the definition as defined below and provide a certification of your status from any federal, state or municipal agency certifying your status. We will also consider a certification from a private certification body.

Supplier Diversity firms are defined as firms that are at least 51% owned by a woman, minority (as defined by the Small Business Administration), veteran or disable person(s).

Accepted firms will be listed in categories that define the nature of their business services to make it easy for a company shopping for services to find a company to meet their need.

Some of the initial categories we have identified are: (we will add others as we figure it out)

- Background Screening
- Compliance Products
- Consulting
- Courthouse Searches/Public Record Retrievers
- Drug Testing
- Legal Services
- Marketing
- Motor Vehicle Records
- Private Investigation
- Publishing and Newsletter Services

Once approved for listing your firm will be listed in the Supplier Diversity, Alphabetical section and either the Background Screening or Suppliers/Providers section based on the nature of your business. See the following Rate Sheet for pricing:

If your firm qualifies and you are interested in having your firm listed in our Supplier Diversity section please email me at wbnixon@preemploymentdirectory.com.
