

Background Screening News

The National Drug & Alcohol Screening Association Announces the Launch of NDASA University's Online Learning Tool!

Our Registered Professional Collector course is the equivalent of classroom training with required pre-work reading, training modules covering all required topics for DOT urine drug collections, and quizzes after each module, followed by a course exam. Five-year certificate issued upon completion of mock collections.

NDASA members and non-members can sign up to take our digital courses on their own time, at their own pace.

Five Year Certificates are:
\$449 for Non-Members and
\$299.99 for Members
