National Drug Screening Receives National Accreditation

National Drug Screening, Inc (NDS) has received status as a national Accredited C/TPA by the [National Drug and Alcohol Screening Association \(NDASA\)](#). A C/TPA is a Consortium/Third-Party Administrator helping employers with drug and alcohol testing programs.

This national accreditation recognizes NDS for its commitment to:

- Confidentiality, ethical Standards and Integrity
- Leadership in the drug testing industry
- Training and development of the NDS team
- Regulatory issues: Federal, DOT, State and Local
- Random testing and consortium Services
- Best practices for drug testing industry standards

To reach this status National Drug Screening completed an extensive application process and has been found qualified by a review committee comprised of industry professionals who assessed NDS operations related to the above bullet points. NDS was awarded this certificate of accreditation for meeting the highest industry standards as set forth by experts representing all facets of service in the drug and alcohol testing industry.

The National Drug & Alcohol Screening Association (NDASA) is the leading trade organization in the United States for the drug and alcohol testing industry. NDASA offers a rigorous accreditation program that requires individuals and organizations to achieve certain standards and core competencies. Accreditation applicants must meet the association's high expectations for excellence. NDASA accreditation signals the best the drug testing industry has to offer.
