Instant Access to W2 Information

Deverus' WorkProof uses actual IRS W2 data to instantly verify employment history. This ensures quick and accurate verification without the need to go through the other costly provider. Giving you the employment verification information you need to help your client's make faster decisions.

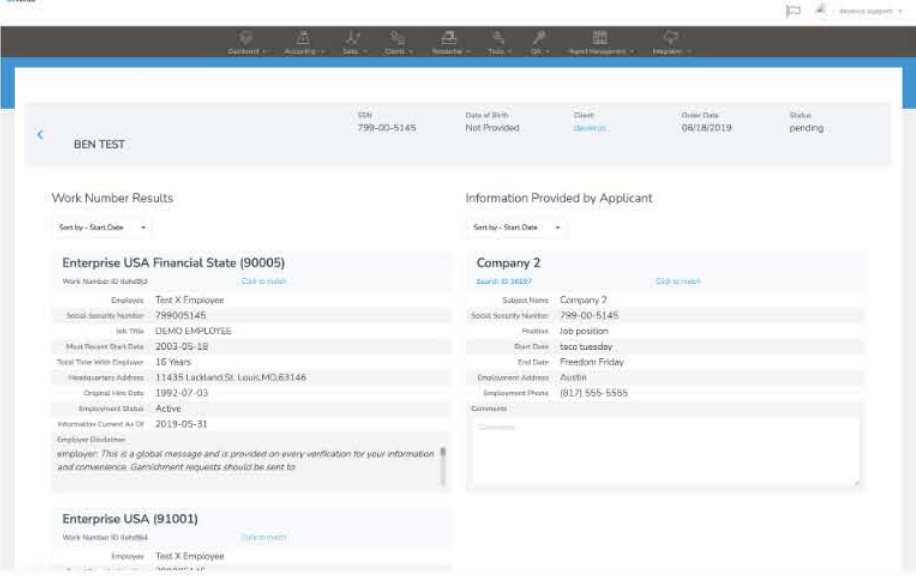

Streamlining the Verification Process

Deverus' Workproof aims to revolutionize employment verification by simplifying and automating the entire process. This groundbreaking product taps into official W2 transcripts obtained directly from the IRS, eliminating the need for third-party verification services and their accompanying costs. With Workproof, deverus clients have access to official W2 Information and receive the reports within seconds.
